# M.C. ACTIVITIES CALENDAR October 2020

**October** is the tenth month of the year on the Gregorian calendar and one of seven months with 31 days. October's name, containing the Latin word octo, refers to its ancient place as the eighth month in the Roman calendar, before January and February were added to fill out the winter period. October is usually considered to be the height of autumn; the Slavic people call it "yellow month," referring to the fading colors of the leaves.
