THE PLAZA AT PARKSQUARE April 2024

April is the fourth month of the year in the Gregorian calendar. It was originally the second month of the Roman calendar, before the addition of January and February. No one knows for sure how April got its name. Some say it comes from the Latin *aperire*, meaning "to open," alluding to the opening of buds in springtime. Others say April was named after Aphrodite or the goddess Eostre. Whatever the case, the onset of April means that spring has arrived.
